

IQONIC IGNITE

NOT JUST ENERGY. PERFORMANCE, ACTIVATED

IQonic IGNITE™ is a next-generation molecular hydrogen and nitric oxide performance formula designed to support healthy circulation, oxygen flow, cellular vitality, endurance, and focus.* Its functional blend combines molecular hydrogen support, L-citrulline, natural green tea caffeine, electrolytes, vitamin C, and B vitamins in a refreshing Amazon Punch stick pack.

KEY BENEFITS

CELLULAR ENERGY + PERFORMANCE

Molecular hydrogen support helps maintain cellular energy and antioxidant balance, helping the body defend against exercise-related oxidative stress and fatigue.*

CIRCULATION + ENDURANCE

L-citrulline supports nitric oxide production, healthy blood flow, oxygen delivery, and physical performance.*

FOCUS + ALERTNESS

Natural green tea caffeine supports mental alertness, sustained energy, and focus for training, work, or demanding days.*

HYDRATION + ELECTROLYTE BALANCE

Magnesium, potassium, sodium, and calcium help support hydration, normal muscle function, and stamina during daily activity.*

RECOVERY + METABOLIC SUPPORT

Vitamin C and B vitamins support antioxidant protection, normal energy metabolism, and post-activity wellness.*

SUGGESTED USE

1

MIX

Add 1 stick to 12 oz of room-temperature water.

2

SHAKE

Shake very well until fully dissolved.

3

WAIT

Allow the formula to activate for 5 minutes.

4

DRINK

Consume within 15 minutes after activation.

5

RESULTS

Use 15-30 minutes before activity or mornings.

6

USAGE

If taking twice daily, space servings at least 4-6 hours apart.

HOW TO STACK

Use IGNITE before training, focused work, or performance-driven days. Pair with hydration, collagen, metabolic, or recovery products as part of a balanced routine.* If caffeine-sensitive, avoid combining it with other caffeinated products at the same time.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease. Consult a healthcare professional before use. Keep out of reach of children.

IQONIC IGNITE

WHO IT'S FOR

IQonic IGNITE™ is for people who want focused energy and performance support that works from the cellular and circulatory level outward.*

Performance Seekers - For workouts, active days, and anyone looking to support endurance, circulation, and oxygen delivery.*

Morning Momentum Builders - For people who want a purposeful start to the day with energy, focus, and hydration support.*

Busy Professionals - For demanding workdays, presentations, travel, or focused projects that require alertness and sustained attention.*

Active Lifestyle Users - For those who want one convenient stick supporting focus, endurance, hydration, and recovery.*

CORE FUNCTIONS

Active Ingredient	Function / Purpose
 Molecular Hydrogen System	Supports cellular vitality and antioxidant balance, helping defend against oxidative stress associated with physical exertion.*
 L-Citrulline	Supports the body's production of nitric oxide, helping maintain healthy circulation, blood flow, oxygen delivery, and exercise performance.*
 Natural Green Tea Caffeine	Supports alertness, mental focus, perceived energy, and performance.*
 Elemental Magnesium	Supports normal muscle function, energy metabolism, electrolyte balance, and recovery.*
 Potassium Citrate	Provides potassium to support fluid balance, muscle function, and normal nerve signaling.*
 Salt / Sodium	Supports electrolyte balance, hydration, and fluid retention during activity.*
 Calcium	Supports normal muscle contraction, nerve signaling, and electrolyte balance.*
 Vitamin C	Provides antioxidant support and contributes to normal immune function and collagen formation.*
 Niacin / Vitamin B3	Helps convert food into usable energy and supports normal cellular and nervous system function.*
 Pantothenic Acid / B5	Supports energy-yielding metabolism and the synthesis of important cellular compounds.*
 Vitamin B6	Supports normal energy metabolism, neurotransmitter production, and red blood cell formation.*
 Riboflavin / Vitamin B2	Supports energy production and helps protect cells from oxidative stress.*
 Biotin / Vitamin B7	Helps metabolize carbohydrates, fats, and proteins for normal energy production.*
 Methylcobalamin / B12	Supports energy metabolism, nervous system function, DNA synthesis, and red blood cell formation.*

*Functional ingredient descriptions are for general wellness and performance support. Individual response varies.

IQONIC IGNITE — FAQ

What is IQonic IGNITE?

IQonic IGNITE™ is an Amazon Punch energy and performance stick designed to support circulation, oxygen flow, cellular vitality, endurance, focus, hydration, and recovery.*

What makes IGNITE different from an ordinary energy drink?

IGNITE goes beyond caffeine. It combines molecular hydrogen support and L-citrulline with natural green tea caffeine, electrolytes, vitamin C, and B vitamins to support both mental and physical performance.*

What does molecular hydrogen support do?

The molecular hydrogen system is designed to support cellular vitality and antioxidant balance, helping the body manage oxidative stress associated with physical activity.*

Why is L-citrulline included?

L-citrulline supports natural nitric oxide production, which helps maintain healthy circulation, blood flow, oxygen delivery, endurance, and exercise performance.*

Does IGNITE contain caffeine?

Yes. IGNITE contains natural caffeine from green tea to support alertness, focus, energy, and performance. Individual caffeine sensitivity varies.

Does IGNITE provide hydration support?

Yes. Magnesium, potassium, sodium, and calcium provide electrolyte support for hydration, fluid balance, muscle function, and stamina.*

What do the B vitamins do?

Niacin, riboflavin, B6, pantothenic acid, biotin, and B12 support normal energy metabolism, nervous system function, and cellular performance.*

How do I prepare IGNITE?

Mix one stick with 12 oz of room-temperature water and shake very well. Let it activate for 5 minutes, then consume within 15 minutes.

Why should I use room-temperature water?

Room-temperature water supports proper mixing and activation. Follow the mix, shake, wait, and drink sequence for the intended product experience.

When should I take IGNITE?

For best results, take it 15–30 minutes before physical activity or first thing in the morning. It may also be used before focused work or other demanding activities.

Can I take IGNITE twice daily?

The product directions allow twice-daily use with servings spaced at least 4–6 hours apart. Consider total daily caffeine intake and individual sensitivity.

What flavor is IGNITE?

IGNITE has a bold Amazon Punch flavor and is naturally sweetened.

How many servings are included?

Each package contains 15 individual stick packs for 15 servings.

Can I combine IGNITE with other products?

Yes. IGNITE can complement hydration, collagen, metabolic, or recovery products. Avoid taking it alongside other caffeinated products if you are sensitive to caffeine.

Who should consult a healthcare professional before use?

Consult a healthcare professional before use if you are pregnant or breastfeeding, have a medical condition, take medication, or are sensitive to caffeine or any listed ingredient.

Are there any cautions?

Contains caffeine. Use only as directed, consider caffeine from all sources, avoid use close to bedtime if caffeine affects your sleep, and keep out of reach of children and pets.
