IQONIC PROTECT

WHO IT'S FOR

IQonic Protect™ Vitamin Wellness Gummies are designed for people who want a simple, enjoyable way to add essential vitamins, immune nutrients, antioxidant support, and concentrated botanicals to their daily routine.*

Daily Vitamin Seekers - For people who want essential vitamins and minerals in a delicious, easy-to-take gummy format.*

Busy, On-the-Go Adults - For those who want convenient daily vitamin support without mixing powders or swallowing capsules.*

ESeasonal Wellness Planners - For people who prioritize immune-supporting nutrients as part of a proactive year-round routine.*

Gummy Vitamin Users - For those who prefer a delicious mango-flavored, plant-based vitamin format that makes consistency easier.

THE FIVE-ACTIVE CALM SYSTEM

Active Ingredient	Function / Purpose
 Vitamin C - 250 mg	Supports normal immune function, antioxidant protection, collagen formation, and the body's ability to absorb iron.*
 Vitamin B3 / Niacin - 5 mg NE	Helps convert food into usable energy and supports normal nervous system function and cellular metabolism.*
 Vitamin B6 - 0.9 mg	Supports normal energy metabolism, immune function, red blood cell formation, and neurotransmitter production.*
 Folate / L-5-MTHF - 208 mcg DFE	Provides an active form of folate that supports normal cell division, DNA synthesis, and healthy red blood cell formation.*
 Vitamin B12 / Methylcobalamin - 0.5 mcg	Supports normal energy metabolism, nervous system health, DNA synthesis, and red blood cell formation.*
 Biotin - 5 mcg	Helps the body metabolize carbohydrates, fats, and proteins and supports normal energy-yielding metabolism.*
 Pantothenic Acid / Vitamin B5 - 1.1 mg	Helps convert food into energy and supports the synthesis of important cellular compounds.*
 Iron - 1.6 mg	Supports hemoglobin and red blood cell formation, helping transport oxygen throughout the body and support normal energy levels.*
 Zinc - 0.42 mg	Supports normal immune function, antioxidant defenses, DNA and protein synthesis, and healthy cellular repair.*
 Elderberry Extract 10:1	Provides concentrated botanical antioxidant compounds and supports everyday immune wellness.*
 Turmeric Extract 10:1	Provides antioxidant support and helps maintain a healthy response to everyday physical stress.*
 Ginger Root Extract 10:1	Traditionally used to support digestive comfort and general wellness while contributing botanical antioxidant support.*
 Black Pepper Extract	Complements the botanical blend and is traditionally paired with turmeric in wellness formulations.*

IQONIC PROTECT — FAQ

What is IQonic Protect?

IQonic Protect™ Vitamin Wellness Gummies are mango-flavored daily gummies formulated to support immune health, antioxidant defense, normal energy metabolism, and everyday vitality.* Each serving combines high-potency vitamin C, six essential B vitamins, iron, zinc, and a concentrated botanical blend of elderberry, turmeric, ginger, and black pepper extract.

What makes Protect different from an ordinary vitamin gummy?

Protect goes beyond basic vitamins by combining vitamin C, a six-vitamin B complex, iron, and zinc with a concentrated four-botanical wellness blend. It provides vitamin, mineral, immune, and antioxidant support together in one daily gummy routine.*

What does Protect support?

Protect is designed to support normal immune system function, antioxidant defense, normal energy metabolism, and everyday whole-body wellness.* It is a daily vitamin support product, not a medicine or treatment.

Which vitamins and minerals are included?

Each serving provides vitamin C, niacin, vitamin B6, folate, vitamin B12, biotin, pantothenic acid, iron, and zinc.

Why does Protect include six B vitamins?

Niacin, B6, folate, B12, biotin, and pantothenic acid work across normal energy metabolism, nervous system function, cell division, and red blood cell formation.* Together, they give Protect a broader daily vitamin foundation than a vitamin C-only gummy.

What does the iron do?

Iron supports hemoglobin and healthy red blood cell formation, which helps transport oxygen throughout the body and supports normal energy levels.*

What does the zinc do?

Zinc supports normal immune function, antioxidant defenses, DNA and protein synthesis, and healthy cellular repair.*

What are the key botanical ingredients?

The proprietary blend contains elderberry extract 10:1, turmeric extract 10:1, ginger root extract 10:1, and black pepper fruit extract. Together they provide a concentrated botanical foundation for daily wellness and antioxidant support.*

How much vitamin C is in each serving?

Each 2-gummy serving provides 250 mg of vitamin C, equal to 278% of the Daily Value.

How and when should I take Protect?

Take 2 gummies daily. They may be taken at a convenient, consistent time as part of your daily wellness routine. Do not exceed 8 gummies within a 24-hour period.

How long does one bottle last?

Protect is designed as a convenient 30-day vitamin wellness routine.

Is Protect plant-based?

Yes. Protect is plant-based, and the gummy base uses pectin rather than gelatin.

What flavor is Protect?

Protect is made with a mango flavor profile and includes natural mango puree.

Does Protect contain sugar?

Yes. Each 2-gummy serving contains 3 g of total sugar, all of which is added sugar.

Can I take Protect with other IQonic products?

Protect is designed to fit into a broader daily routine. Before stacking products, compare Supplement Facts panels for overlapping vitamins and minerals, introduce products gradually, and consult a healthcare professional when appropriate.

Who should consult a healthcare professional before use?

Consult a healthcare professional before use, especially if you are pregnant or breastfeeding, have a medical condition, take prescription medication, have ingredient sensitivities, or are planning to give the product to a child.

Are there any cautions?

Use only as directed. Keep out of reach of children. Discontinue use and seek medical advice if an adverse reaction occurs. Store in a cool, dry place.

Where is Protect made?

Protect is made in the USA and manufactured for IQONIC LLC.
